TO THE KENYAN DIASPORA

RE: WEBINARS ON THE NATIONAL SOCIAL SECURITY FUND - HABA HABA PRODUCT FOR THE DIASPORA

The State Department for Diaspora Affairs in partnership with the National Social Security Fund (NSSF) will host several webinars under the theme **'Secure your Retirement back home through Haba Haba'**. The Webinars are aimed at creating awareness of a savings product developed by the fund called 'Haba Haba'. Haba Haba will cater to members of the informal sector and the Diaspora to empower and encourage them to save.

The scheme allows its members to save with a minimum of $10 and have the option to withdraw 50% of their contribution, after consistently contributing for five (5) years. The scheme partners up with global banks and electronic funds transfers systems such as MasterCard for ease of transactions and payments. The return on investments is estimated at a rate of 1% above market average.

The Diaspora can access available investments options by the Fund including future projects such as the NSSF Housing Projects. The Fund intends to also develop retirement homes for senior citizens. These homes will be part of affordable housing projects designed specifically to cater to the needs of retirees.

Those interested to join can do so via designated web portal: http://diaspora.nssfkenya.co.ke/. , WhatsApp (+254704303303); NSSF Mini App and Mpesa App.
